

SCALP HEALTH

Scalp health matters.

Introducing HydraFacial™ Keravive™, the scalp health treatment for healthier and fuller-looking hair.

Why is Scalp Health so Important?

Poor scalp health is a major contributor to damaged and thinning hair*

A healthy scalp is the foundation for healthier-looking hair. Common factors that lead directly to thinner-looking hair include:

- **Low scalp hydration**
- **Clogged follicles**
- **Dead skin congestion**
- **Poor circulation**

Using HydraFacial Vortex technology and Keravive Peptide Complex Solution cleanses, exfoliates, stimulates, and delivers a proprietary blend of growth factors and skin proteins to hydrate, nourish and stimulate the scalp, resulting in a thicker, healthier-looking hair.

Step 1: Cleanse & Exfoliate (in-office)

HydraFacial Vortex Technology extracts dirt, oil and impurities from your scalp and hair follicles while stimulating circulation.

Step 2: Stimulate & Nourish (in-office)

HydraFacial Keravive Peptide Complex Solution nourishes and stimulates your scalp and hair follicles with growth factors and skin proteins to promote a healthy scalp and thicker, healthier-looking hair.

Step 3: Extend & Enhance (take-home)

Daily use of the HydraFacial Keravive Peptide Complex Spray enhances your in-office treatment and delivers daily stimulation and nourishment to your scalp and hair follicles.

For optimal scalp health, we recommend a series of 3 in-office treatments, once a month for 3 consecutive months, with daily use of the take-home spray between in-office treatments.

HYDRAFACIAL™ KERAVIVE

The HydraFacial Keravive take-home spray includes the same growth factors and skin proteins found in the in-office solution.

- Single In-office treatment: \$385
- Take-home spray: \$180

Because HydraFacial Keravive is a series of 3 in-office treatments and daily use of the take-home spray between office visits, we offer HydraFacial Keravive as a **package \$1500** for:

- 3 In-office treatments: \$360/session
- Take-home spray: \$140

The skin on our scalp is an extension of the skin on our face and everything you love about HydraFacial for the face, you will love about HydraFacial for the scalp.

Let's get you scheduled for your first HydraFacial Keravive Scalp Health treatment!
